COMSTOCK DAHLIA GARDENS

145 Dahlia Drive

Solana Beach

P. O. Box 308

California

U.S.A.

Your Invitation To Our Open House

Our annual open house will be held again this year at our growing grounds at Solana Beach on Sunday and Monday, Sept. 3rd and 4th. We will be looking forward to seeing all our friends at that time. Bring your cameras and plenty of film as we expect to have several thousand dahlia plants in bloom at that time and it is really a photographer's paradise. For our many eastern friends may we suggest you plan your vacation trip to Southern California in time to be with us at our open house. Bring your picnic lunch and plan to spend the day.

JOIN THE DAHLIA SOCIETY

We would like to suggest that you join our local dahlia society.

If in or near San Diego, contact us for information regarding the San Diego County Dahlia Society. We will be pleased to assist you.

The San Diego County Dahlia Society will stage a dahlia show in San Diego August 5th and 6th, at which time we hope to see all of you with a share of the blooms to be displayed, so with best wishes for a grand dahlia year.

Sincerely yours,
R. Paul Comstock

POSTAGE

On orders for roots of \$5.00 or less for shipment after April 1st please add 50c to cover packing and mailing charges.

On all orders for roots requesting shipment before April 1st please add \$1.00 to cover mailing charges and special packing against freezing.

This does not apply to seed orders.

GREEN PLANTS

Our green plants are produced from base cuttings of the finest of our various varieties, and roots or clumps used for this purpose are selected from our healthiest stock selected during the growing season. These cuttings are rooted in special propagating benches and after being well started are transferred to four-inch earthen pots. When the plants are found to be well established they are moved to a partially shaded place, where they become accustomed to the weather. When plants show a definite trend toward new growth they are ready for our customers. We find that the quality and size of blooms for exhibition are just as good as when grown from roots. We highly recommend plants to our customers.

WE DO NOT SHIP PLANTS BY MAIL

 To our friends anywhere in the State of California, please remember to include 4% Sales Tax. 3% for State Tax and 1% for your local tax. 

IMPORTANT INFORMATION

Please Read Carefully!

SHIPPING INFORMATION

Plants and tubers are offered for sale on SATURDAYS and SUNDAYS from April 1st through June 1st, at our greenhouse at 145 Dahlia Drive in Solana Beach.

Our growing grounds are located in Solana Beach, twenty miles north of San Diego on Highway 101 (1½ miles north of Del Mar). The address is 145 Dahlia Drive, and is between Highway 101 and the Pacific Ocean.

We DO NOT ship plants. PLEASE ORDER ROOTS or POT ROOTS as these can be easily shipped to you by mail.

A sales tax of 4 percent is required by law in the State of California. Please add this to your order.

Placing Orders

We fill orders in rotation as they are received, so we would like to suggest to you that you place your order as early as possible to avoid the disappointment of our having sold out. No deposits are required. Pay any time before shipping date. No orders are shipped C.O.D.

Plants

We do not substitute so please make a second and third choice if possible.

TO OUR LOCAL CUSTOMERS

May we suggest that you mail us your order for plants and roots and let us notify you when your selection is ready to pick up. This will save you a great deal of time and will insure that the plants will be ready for planting at the time you get them.

Guarantee

All stock shipped by COMSTOCK DAHLIA GARDENS is guaranteed to be true to name and to be in good growing condition at time of sale; after that our responsibility ceases, as we have no control over growing conditions. Please notify us immediately upon arrival of plants, roots, or seed if unsatisfactory. The above guarantee does not go beyond replacement of the item purchased. We only guarantee dahlia seeds to be from varieties specified.

Disease

We thoroughly rogue our glass house, lath house and gardens throughout the entire season for diseased stock of any sort, and if we find any, it is immediately destroyed. We hope in this way to keep disease at an absolute minimum.

EXPLANATION OF ABBREVIATIONS

Classification—

- A—Large, over 9 inches in diameter.
- B—Medium, 6 to 9 inches in diameter.
- BB—Commercial, 4 to 6 inches in diameter.

- C—Cactus, S.C.—Semi Cactus, F.D.—Formal Decorative, I.D.—Informal Decorative, I.C.—Incurved Cactus, St.C—Straight Cactus, BA.—Ball Type, Min—Miniature.

Originator or Introducer—(Comstock).

Year of Introduction—1955.

Please place your orders early for next year's seed crop. Remember that we fill orders for seed in the order in which they are received.

Don't Be disappointed

ORDER EARLY

COMSTOCK ORIGINATIONS

"ART LINKLETTER"

"FIESTA"

8—Art Linkletter (Comstock) S.C. 1957. "A." See above

Extremely large blooms of Primrose Yellow. Blooms up to 14½ by 11 inches. Stems are long and very strong. Average field grown plants are about four feet tall. Very vigorous plants with healthy green foliage.

Art Linkletter has won many largest and best bloom in show awards, four American Home Achievement medals and Certificates of Merit at the American Dahlia Society Trial Grounds at Oakland, Calif., Cincinnati, Ohio, and at Atlanta, Georgia. Also won two American Dahlia Society Seedling Sweepstake awards and is on Mr. Webb's Eastern Dahlia Review, and is on the Flower Grower Honor Rolls of R. T. Eddy and Conrad E. Faust. This dahlia can be grown to tremendous proportions. We predict a great future on the show tables for this fine flower which is named for a truly outstanding Radio and Television Personality.

Root—\$3.50. Pot Root—\$2.50. Plant—\$1.50.

57—Fiesta (Comstock) I.D. "A." 1959. See above

Color of this dahlia is rather unique in its blending of red and yellow. Blooms have good full centers and plant produces very many large 11 x 7 inch blooms that are early. The coloring in this dahlia is very unusual. Plants are strong growers about four feet tall. Heavy foliage. Winner of an American Home Achievement Medal and two A.D.S. Seedling Sweepstakes Awards. Was awarded two Certificates of Merit at the A.D.S. trial grounds, and is on Mr. Webb's Eastern Dahlia Review.

You must grow this dahlia in your own garden to really appreciate it.

Root—\$5.00. Pot Root—\$4.00. Plant—\$2.00.

Remember — we issue a new catalogue each January. Please check our latest edition when ordering.

WE DO NOT SHIP PLANTS BY MAIL

"FIRST LADY"

"FLORENCE CHADWICK"

58—First Lady (Comstock) F.D. 1955. "B." See above

"First Lady" is Dresden yellow throughout according to the Royal Horticultural Society color chart. Blooms 8 x 6 inches field grown. Greatest attraction of "First Lady" is the unusual petal formation, which are very broad but pointed at the ends and each one folds back in an extremely regular formation, completely wrapping around and covering the stem. Every bloom is fit for exhibition. A very early and prolific bloomer. Plants are 3 to 4 ft. high. Beautiful foliage and excellent stems. Proven best in its class by show and Trial Ground reports. A WINNER of four American Home Achievement Medals, A.D.S. Seedling Sweepstakes Award Gold Medal.

"First Lady" was on all four of the Flower Grower Honor Rolls. Certificate of Merit awarded at Farmingdale, N.Y., score 85.1—Cincinnati, Ohio score, 85E.

"First Lady" was the national gold medal winner for "B" size dahlia introductions in the 1955 Seedling Sweepstakes Awards of the A.D.S.

A well grown bloom of "First Lady" will win in any show.

Root—\$2.00. Plant—\$1.00.

60—Florence Chadwick (Comstock) C. 1953. "B." See above

Pure glistening white with petals slightly tipped lavender, becoming more predominant at center of blooms. Foliage very dark green and insect resistant. Blooms are medium size averaging about eight inches across with corresponding depth, and are held facing and slightly up on long strong stems. Blooms are very good keepers with plenty of substance.

Plants are tall and upright in growth, being very prolific in producing both early and late blooms in abundance with good tight centers.

Florence Chadwick won American Home Achievement medals in both the San Diego and Inglewood, California dahlia shows, and was on all four of the 1953 Honor Rolls for the Flower Grower magazine.

Florence Chadwick has the distinction of being the first dahlia to have ever scored high enough to win a Certificate of Merit at each one of all the A.D.S. Trial Grounds.

Florence Chadwick was the winner of the **Derrill Hart Memorial Medal** for 1952, having the highest average score of three trial grounds.

Plant—\$1.00.

"GROUCHO MARX"

"HARVEY ATHERTON"

73—Groucho Marx (Comstock) S.C. 1956. "A." See above

"GROUCHO MARX" is a magnificent pure white semi-cactus dahlia. Petals fold back completely giving the blooms tremendous depth, early bloomer, continuing to bloom throughout the season till cold weather sets in.

We have exhibited blooms of this fine variety in largest bloom classes fourteen inches in diameter and eleven inches in depth. Even field grown blooms if disbudded easily attain a diameter of twelve inches with corresponding good depth. Plants are strong, thrifty growers requiring little or no staking. Stems are long and strong. Plants are four to six feet tall.

"GROUCHO MARX" WON FIVE AMERICAN HOME ACHIEVEMENT MEDALS AND FIVE AMERICAN DAHLIA SOCIETY SEEDLING SWEEPSTAKES AWARDS, including shows at San Diego and Orange County, California. Shipped by air freight, succeeded in winning the same coveted awards at MIDWEST DAHLIA SHOW, MILWAUKEE; A.D.S. DAHLIA SHOW at NEW YORK; CENTRAL STATES SHOW at CHICAGO and the MEDAL of the DAHLIA SOCIETY OF CALIFORNIA at SAN FRANCISCO.

Groucho Marx was placed on all four Honor Rolls of the Flower Grower magazine.

Pot Root—\$2.00. Plant—\$1.50.

76—Harvey Atherton (Comstock) F.D. 1956. "A." See above

A formal decorative rhodamine purple dahlia. Blooms are very large, well grown blooms about fourteen by six or eight inches.

Stems are strong and foliage very dark green. Plants of this variety are beautiful; they branch well and the symmetrical plants produce many large blooms at one time.

This fine dahlia won an AMERICAN DAHLIA SOCIETY SEEDLING SWEEPSTAKES AWARD AT SAN DIEGO, CALIFORNIA.

Plant—\$1.50.

"HELEN HAYES"

"LULA PATTIE"

79—Helen Hayes (Comstock) I.D. "A." 1958. See above

Color of this fine dahlia is cobalt violet becoming darker at base of petals, it will be classed in the lavenders. Petals are very broad, but wavy enough to be classified as informal decorative, a very pleasing formation. Size of blooms about 10 x 6 inches. Very long and rigid stems, with excellent foliage. Plants about four feet tall.

Helen Hayes was winner of two Certificates of Merit. At Farmingdale, N. Y. score 85.6 and at Atlanta, Georgia, score 85.0. It has also won three American Home Achievement Medals, at San Diego, Inglewood and La Mesa, California.

It also won three American Dahlia Society seedling sweepstakes awards and was given the A.D.S. Gold Medal for the highest scoring "A" size dahlia for 1957.

We feel honored to be granted permission to name this fine dahlia for the First Lady of the Theatre, Helen Hayes.

Root—\$5.00. Pot Root—\$4.00. Plant—\$2.00.

103—Lula Pattie (Comstock) S.C. 1960. "A." See above

Blooms of this beautiful white dahlia easily attain a diameter of 13 to 14 inches and a depth of 9 to 10 inches. Blooms face and slightly up. This variety produces an abundant amount of lovely large blooms both early and late in the season. Excellent S.C. formation. Husky growing plant five to six feet tall. Very long and strong stems, good keeper when cut.

Winner of the American Home Achievement Medal, A.D.S. Seedling Sweepstakes, and also won a Certificate of Merit at all five trial grounds, with highest average score 85.82 causing it to win the **Derrill W. Hart Memorial Medal** for 1959.

Lula Pattie has won for both best and largest bloom in show, it promises to be a truly great new variety, and must be grown to really appreciate its many fine qualities.

Root—\$15.00. Pot Root—\$10.00. Plant—\$5.00.

109—Mars (Comstock) I.D. 1953. "A"

Color is deep rich red, reverse of petals edged gold. Petals are very broad. Blooms are very large and can easily become a major contender for largest bloom classes. We have grown blooms better than twelve inches by ten.

Plants are of medium height with nice strong stems holding the blooms at a perfect facing angle. Very dark green insect resistant foliage adds to the beauty of this variety.

For those who like their dahlias large, they should not overlook this one.

Root—\$2.00. Pot Root—\$1.50. Plant—\$1.00.

"MAUREEN CONNOLLY"

"STARDUST"

111—Maureen Connolly (Comstock) F.D. 1954. "B." See above

Medium size blooms of sulphur yellow are borne in profuse abundance with long stems on a very symmetrical growing plant with unusually fine foliage. Blooms average about 7½" to 8" in diameter by about 5" deep. Flowers keep exceedingly well when cut. Plants four to five feet tall.

This fine dahlia is named for Maureen Connolly, former World's Amateur Tennis Champion from San Diego, California.

This dahlia has won The American Home Achievement medal at the San Diego County Dahlia Society Show, won a Certificate of Merit at the A.D.S. trial grounds at Long Island Agricultural and Technical Institute, scoring 86.3 and at Trial Garden at Atlanta, Georgia 85.2. Was placed on all four Flower Grower Honor Rolls. This dahlia is a fine addition to any dahlia garden.

Root—\$1.50. Plant—\$1.00.

112—Melisande (Comstock) I.D. 1957. "B"

This variety is a deep velvety purple. It is a medium size dahlia about 7x4. One of the most interesting features is the artistically curled edges on its petals. Stems are very good and foliage is very dark green. Plants about three and one-half feet tall. Very early bloomer. Unfortunately, blooms of this lovely flower did not coincide with flower show dates and we were not able to show it. However, it did receive a certificate of merit at the A.D.S. Trial Ground at Oakland, Calif. and Cincinnati, Ohio and is on Mr. Webb's Eastern Dahlia Review.

Root—\$2.50. Pot Root—\$1.75. Plant—\$1.00.

115—Miss Liberty (Comstock) F.D. 1947. "A"

Formal to informal decorative. Scarlet red, tips of petals white. Blooms classified large about 9 x 5. Upright growing plants, long strong stems, flowers facing. Dark green foliage. Early bloomer. Gold Medal Certificate, and Achievement medal winner. Certified at trial grounds and on three Honor Rolls.

Plant—\$1.00.

117—Miss San Diego (Comstock) I.C. 1946. "B"

Incurved lacinated cactus of superb color and form. Lemon yellow, outer half tyrian pink. High centers make blooms almost a ball in form. Flowers high out of a fine growing plant. Blooms medium to large, prolific bloomer and good root maker. Certified and on all three Honor Rolls, Achievement Medal winner.

Root—\$1.50. Plant—\$1.00.

"MOUNEY C"

"MR. PRESIDENT"

119—Mouney C. (Comstock) F.D. 1958. "BB." See above

Well grown blooms of this fine formal decorative dahlia of pure paper white are from five to six inches in diameter, and four to five inches in depth. The blooms have tremendous substance and keeping qualities, having been kept in good condition for five to six days. Stems are long and very strong. Plants about four feet tall.

Mouney C, has won the Derrill Hart Memorial Medal for 1957 in the BB class, five Certificates of Merit in the trial grounds of the American Dahlia Society in 1957. It was awarded three Seedling Sweepstakes and is the winner of the A.D.S. Gold Medal for 1957. It has won the American Home Achievement Medal and is on Mr. Webb's Eastern Dahlia Review.

We have named Mouney C for our good friend Mr. Mouney C. Pfefferkorn of San Diego, an avid dahlia fan of many years, who has also done an outstanding job toward the promotion of amateur sports in this area.

Root—\$2.50. Pot Root—\$1.75. Plant—\$1.00.

120—Mr. President (Comstock) Inc. C. 1955. "A." See above

Light blend of salmon rose to empire yellow at center. Blooms 10 x 5 inches field grown. Petals broad at base but roll to a nicely formed lacinated incurved cactus. Plants four feet tall with strong stems and beautiful foliage. Open growing plant.

Major awards of "Mr. President" are: Best bloom in show at San Diego in 1946-48 and 1952. A.D.S. seedling sweepstakes awards at San Diego, Orange County and New York A.D.S. shows. On the Flower Grower Honor Rolls of R. T. Eddy and Lynn B. Dudley. Certificate of Merit at Cincinnati and Southern Trial Grounds.

Root—\$2.00. Pot Root—\$1.50. Plant—\$1.00.

149—Stardust (Comstock) F.D. 1950. "A." See opposite page

True pink with small lines of silver running length-wise of the petals. These lines are very prevalent just before the blooms are ready for picking and enhance the beauty of the flowers, but as they develop to maturity the entire bloom becomes solid pink. Blooms disbudded average under normal growth about 10 x 5 inches. The stems of this variety are long and strong, averaging twelve inches to the first set of leaves. Blooms face and can be cut when only half open and will continue to develop in water. Plants about five feet high, open growing type. Early bloomer and very good keeper when cut. Winner of Achievement Medals in San Diego, Santa Ana and Inglewood, California. On all Honor Rolls.

Plant—\$1.00.

STANDARD VARIETIES

1—**Aladin** (Germany) I.D. "B"

Most striking soft apricot flecked bright carmine. Rugged, early and profuse bloomer. A true variegated and already very popular.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

2—**Alice May** (Australia) I.D. "A"

Blooms of this variety are large pure white with great depth, exceedingly fine foliage and stems. Fine producer of exhibition blooms.

Pot Root—\$1.50. Plant—\$1.00.

3—**African Queen** (South Africa) I.D. "A"

Rich purple with long stems. Robust growing plant.

Pot Root—\$2.00. Plant—\$1.00.

4—**Ami Louis Blinn** (France) S.C. "A"

Dark red blooms of excellent formation and plenty of substance adorn a well branched sturdy plant. Long strong stems hold the blooms well out of the plant. 10 x 6.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

5—**Annette** (Australia) I.D. "A"

A very large primrose yellow. This dahlia has a very artistic formation and is without a doubt a good exhibition variety.

Pot Root—\$1.50. Plant—\$1.00.

6—**Arab Queen** S.C. "A"

Coral and pink semi cactus blooms shading to yellow in the center. Flowers are held facing on good stems. Plants are strong growers.

Plant—\$1.50.

7—**Arthur Godfrey** (Pittman) F.D. 1951 "A"

A very large formal decorative of orient red, with orange shadings. Excellent stems hold the massive blooms facing up. One of the strongest of growers. Blooms 11 x 6.

Plant—\$1.00.

8—**Art Linkletter** (Comstock) S.C. 1957. "A." See page 2

9—**Autumn Blaze** (Johnson) I.D. 1948 "A"

Fiery red centered with shades of gold toward the ends of petals. Blooms are very large.

Root—\$2.00. Plant—\$1.00.

10—**Axford Triumph** (Australia) I.D. "A"

Large tan to orange blooms on exceptionally thrifty plants make it an attraction in the garden.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

11—**Ballego's Glory** (Holland) F.D. "B"

Deep rust red edged gold, slightly laciniated petals, finest of stems, medium size.

Plant—\$1.00.

12—**Ballego's Surprise** (Ballego) C. "B"

A most beautiful white dahlia of very interesting formation. Large type, excellent stems with best of keeping qualities.

Plant—\$1.00.

13—**Bay City White** (Schiell) I.C. "A"

One of the largest cactus types in white. Wide petaled with good keeping qualities. Blooms held facing on good strong stems. This dahlia performs well on the show bench.

Plant—\$1.00.

14—**Beauty of Baarn** (Holland) C. "BB." 1959

Primrose yellow blooms on long slender stems. This is a good exhibition "BB" dahlia. It should win in its class.

Plant—\$1.00.

15—Bertha Shone (Eccleston) S.C. "A" 1953

Lavender with white center. Petals deeply lacinated. Petals fold back giving good depth to blooms. Good stiff stems hold the flowers at the right angle. Prolific bloomers.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

16—Beloved (Bishop) F.D. "A"

Reddish purple blooms 9 x 6. Good strong stems. Blooms face and slightly up. Short growing plant. Very good foliage.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

17—Betelgeuse St.C. "B"

One of those fine petaled cactus types. Pink shading to white at center of blooms. Prolific bloomer.

Root—\$2.50. Pot Root—\$1.75. Plant—\$1.00.

18—Big Ben (England) C. "A"

This is one of the largest cactus varieties, blooms about 12 to 13 inches in diameter and good depth. Color is crimson and it does not fade. Short growing plant. This variety should make a good record on the show tables in this country.

Plant—\$1.00.

19—Black Monarch (Pape) S.C. 1946 "A"

Dark oxblood red. A very fine and strong grower. Stems of exceptional length hold the huge flowers well out of plant. Plenty of substance and a good keeper when cut. Blooms well over ten inches.

Root—\$2.00. Pot Root—\$1.50. Plant—\$1.00.

20—Blue Victory (Holland) St.C. "A"

Lavender blue cast, on good stems. Prolific bloomer; petals are artistically curved. Rare color combination with the same habit of Victory Day, of which this is a seedling. Certificate of Merit, Amsterdam.

Plant—\$1.00.

21—Boldface I.D. "A"

A very large flower of bronze and red shades. An impressive dahlia for the show table both for size stem and individuality of bloom.

Plant—\$2.00.

22—Bright Dragon (Holland) S.C. 1957. "A"

Canary yellow blooms 9 x 4. Long strong stems. Open growing plant.

Root—\$2.00. Pot Root—\$1.50. Plant—\$1.00.

23—Budovaki (Czechoslovakia) F.D. "A"

Beautiful and rare color, which best is described as full ripened raspberry; 10" blooms are regularly formed and carried on long, strong stems. Because of its formation and tint, we heartily recommend this Czechoslovakian champion.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

24—Bunny (Australia) C. "A"

This is an "A" size dahlia, clear lemon yellow. Prolific bloomer, plants about four feet. Good substance.

Plant—\$1.00.

25—Burnbrae Memories (Australia) I.D. "A"

Primrose yellow. Three foot plants, good stems and fine foliage. Good root producer.

Root—\$1.50. Plant—\$1.00.

26—Butch (Eddins) I.D. 1960. "B"

Medium sized yellow informal decorative. Petals twist and curl in a most artistic pattern. Good depth of bloom with fine stems and plant growth. Certificate of Merit dahlia.

Plant—\$2.50.

27—Carletta Rosa (Rosemary) C. "B" 1956

Lavender shading to a lighter center. Stems strong and wiry holding blooms at a 45 degree angle. A.D.S. Seedling sweepstakes winner and American Home Achievement Medal.

Pot Root—\$1.25. Plant—\$1.00.

- 28—Carl G. Dahl** (Scott) I.D. 1937 "A"
 Blooms 12 x 6. Pointed petals curling slightly. Old rose.
Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.
- 29—Charles Ondrick** (Roberts) S.C. "A" 1957
 Dark blend, dusty autumn blending to burnt sienna and french purple. Blooms 10 x 5 inches. Certified at two trial grounds and placed on all four Honor Rolls of the Flower Grower Magazine.
Root—\$2.00. Plant—\$1.00.
- 30—Cherokee Beauty** (Ricks) I.D. "A"
 A large informal begonia pink dahlia. Vigorous grower but short plants.
Plant—\$1.50.
- 31—Cherokee Brave** (Dahliadel) I.D. 1938 "A"
 Oxblood red. Holds its color in all weather. Very large.
Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.
- 32—Chrislene** (Crystal) St.C. 1958 "B"
 A medium size cactus variety of venitian pink blending to primrose yellow at center of bloom. A very profuse bloomer.
Plant—\$1.50.
- 33—Christine** (Australia) F.D. "A"
 This dahlia is one of the best out of Australia. Broad yellow petals that have just a slight curl. Beautiful foliage. Rugged plant.
Root—\$1.50. Plant—\$1.00.
- 34—Clara Hook** (Wolbert) C. "A" 1947
 Large straight cactus, golden yellow suffused peach. "A" type dahlia with perfect substance and good stems. "Derrill Hart" Medal Winner.
Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.
- 35—Clariam Royalty** (Wolbert) C. 1951 "A"
 A large purple straight cactus, with exceptional depth. Average size is about 10½ x 8, but has been grown up to twelve inches in diameter. Winner of seven American Home Achievement Medals. On Flower Grower's Honor Roll.
Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.
- 36—Colonel Little** (Ambrose) I.D. 1946 "A"
 Scarlet and orange. Petals twist and curl and are notched at the ends. Fine stems, large class. Honor Roll dahlia.
Plant—\$1.00.
- 37—Conqueror** (Belgium) C. "A"
 Enormous yellow cactus dahlia of perfect form. Fine stems and good growing plant.
Pot Root—\$1.50. Plant—\$1.00.
- 38—C. R. Jelitto** "B" S.C.
 Salmon suffusing to gold at center. Very deeply lacinated. Long stems.
Plant—\$2.00.
- 39—Croydon Dainty** (Australia) F.D. "A"
 Large buff colored blooms. Short growing plant. Rugged plant growth.
Root—\$1.50. Plant—\$1.00.
- 40—Croydon Delice** (Australia) I.D. "A"
 Delicate pink with base of petals showing a glow of yellow. Petals very broad with a tendency to show staghorn formation. Clean upright growing plants. This is a good dahlia.
Root—\$5.00. Pot Root—\$4.00. Plant—\$2.50.
- 41—Croydon Eclipse** (Australia) F.D. "B"
 This medium sized perfectly formed dahlia is lemon yellow. Prolific bloomer, wonderful growing plant about four feet tall, clean foliage, blooms about 8 x 5. Good for exhibition purposes and blooms keep well.
Root—\$2.00. Pot Root—\$1.50. Plant—\$1.00.
- 42—Croydon Masterpiece** (Australia) F.D. "A"
 Salmon orange, shaded tan. Giant flowers better than twelve inches in diameter are quite common. Strong grower and prolific bloomer. One of the very best.
Root—\$2.00. Pot Root—\$1.50. Plant—\$1.00.

43—Croydon Robin (Australia) F.D. "A"

Blood red with maroon edgings. Blooms 10 x 5. Short growing plants. Dark green foliage, should do well on the show table.

Root—\$2.00. Pot Root—\$1.50. Plant—\$1.00.

44—Croydon Russet (Australia) F.D. "A"

Large rust colored blooms about 11 x 6. Thrifty growing plant. The unusual color of this variety should make it very popular.

Root—\$2.00. Plant—\$1.00.

45—Croydon Snotop (Australia) I.D. "A"

A very large pure white dahlia that sits on top of fine strong stems. This is a really good dahlia and is surely a strong contestant in the exhibition whites.

Pot Root—\$1.50. Plant—\$1.00.

46—Croydon Supreme (Australia) F.D. "A"

Dark red blooms 9 x 6. A very formal type dahlia. Good heavy foliage. Short growing plant.

Root—\$2.00. Plant—\$1.00.

47—Daisy Ethel (Australia) C. "B"

Dark purple blooms 7 x 4. Prolific bloomer, open growing plant.

Pot Root—1.25. Plant—\$1.00.

48—Del Rosa (Australia) F.D. "A"

Deep rose overall but deeper at center of bloom. Long stems and good foliage.

Pot Root—\$1.25. Plant—\$1.00.

49—Desiree' Draps (Holland) St.C. "B"

Lively pink; the frilled petals are nicely waved and delicately edged yellow. Free-flowering, fine habit of growth.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

50—Dixie's Winedot (Dixie) I.D. 1943 "A"

Blooms 10 x 6. Variegated white background splashed with wine red. Long stems, fine growing plant. Three Achievement medals to its credit and Honor Roll dahlia.

Plant—\$1.00.

51—El Dorado (Gaylord) S.C. "B"

Orange semi cactus with white tips. Long strong stems, prolific bloomer. Good strong grower.

Plant—\$1.50.

52—Eileen Lucy (Australia) I.D. "A"

Autumn colored 11 x 6. This variety has very long strong stems, and thrifty grower. Plants four feet high.

Root—\$2.00. Pot Root—\$1.50. Plant—\$1.00.

53—Enfield Salmon (Australia) F.D. "B"

Pure salmon blooms of medium size. Excellent form. Prolific bloomer. Medium sized plant.

Plant—\$1.50.

54—Esquire (Martin) F.D. 1951 "A"

A very large purple formal which naturally attains a diameter of eleven to twelve inches. Petals are pointed.

Plant—\$1.00.

55—Eva Stamford (Holland) I.D. "A"

The broad petals are slightly incurving; from a soft lemon in the center, color changes into a distinct lilac at the edgings of this 13" exhibition bloom.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

56—Fashion Hour (Roberts) I.C. "A"

Cyclamen purple. Blooms 10 x 5 inches. Fine stems and foliage. Medium sized plants. Achievement Medal winner and Certified at trial grounds.

Plant—\$1.00.

57—Fiesta (Comstock) I.D. 1959. "A." See page 2

58—First Lady (Comstock) F.D. 1955. "B." See page 3

59—Five Star General (Ramage) F.D. 1946 "A"

Blend of amaranth and tyrian pink petals, edged maize yellow. Blooms ten to thirteen by six inches. Very strong stems. Blooms facing side. Sturdy plant growth, excellent foliage. Free and consistent bloomer. Winner of "Derrill Hart" Medal, on all Honor Rolls and Certified at three trial grounds.

Root—\$2.00. Plant—\$1.00.

60—Florence Chadwick (Comstock) C. 1953. "B." See page 3

61—Follies de Dentelle (Holland) C. "B"

This dahlia is pure clear pink. Deeply lacinated. Very good stems and a prolific bloomer.

Plant—\$1.00.

62—Freda Canning (Australia) I.D. "A"

Large blood red blooms, petals are very broad and are wavy on edges. Blooms 12 x 6. Stems very strong. Plants three feet tall, dark green foliage. Hard to beat in red classes.

Root—\$3.00. Plant—\$1.50.

63—G. Carter (Australia) C. "A"

Lemon yellow blooms 9 x 5. Flowers have high centers. This variety was outstanding in our garden.

Pot Root—\$1.25. Plant—\$1.00.

64—Giant Beauty (Marlow) I.D. "A"

Dark rose pink and buff, with a slight touch of purple and yellow at the base of the wide petals. Medium growing plant with huge flowers. Prolific grower and bloomer.

Root—\$3.50. Pot Root—\$3.00. Plant—\$1.25.

65—Golden Autumn S.C. "B"

Golden autumn also speaks for the color of this flower. Long stems and nice growing plants.

Root—\$1.50. Plant—\$1.00.

66—Golden Dandy C "B"

Canary yellow. Nice clean growing plant. Petals of blooms are deeply lacinated. Good for exhibition purposes.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

67—Golden Halo (Wolfe) S.C. 1955 "B"

Golden yellow with a blush of apricot. Blooms 8 x 4. Medium plants.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

68—Golden Heart (Holland) S.C. "B"

Orange red blending to a center of gold. This is truly a most beautiful dahlia. Excellent growing plant about four feet tall. Long stems.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

69—Golden Wizard I.C. "B"

Golden yellow. Deeply lacinated. Petals twist and curl into a pin wheel formation. Fine long stems.

Plant—\$1.50.

70—Goulburn (Australia) C. "A"

Reddish apricot at petal tips blending to a lemon yellow in center of flower. Very striking color. Large specimen blooms.

Plant—\$1.00.

71—Goulesson Eggeston (Australia) F.D. "A"

Orchid pink, broad petals, blooms 10 x 5. Short growing plant. Good exhibition variety.

Root—\$1.00.

72—Graf Folke Bernadotte (Holland) S.C. "A"

Enormous snow white. Long stem, solid freeflowering growth and well formed flowers, of over 12" across by 6" deep; for exhibition.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

73—Groucho Marx (Comstock) 1956. "A." See page 4

74—Gunyah Glory (Australia) I.D. "A"

Deep purple. Excellent stems and plant growth. Good for exhibition.

Root—\$1.50. Plant—\$1.00.

- 75—Harry King** (Australia) I.D. "A"
Nice 10" blooms of reddish purple. Good form. Medium growing plant. Good for exhibition. **Root—\$2.50. Pot Root—\$2.00. Plant—\$1.00.**
- 76—Harvey Atherton** (Comstock) 1956. "A." See page 4
- 77—Heart of Gold** (Australia) S.C. "B"
Scarlet with base of petals golden, also gold stripes throughout petals. Blooms 8 x 5. **Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.**
- 78—Heather McBride** (Australia) F.D. "A"
A large velvety red dahlia with excellent depth. Strong grower. **Plant—\$2.00.**
- 79—Helen Hayes** (Comstock) 1958. "A." See page 5
- 80—Helio Frills** (Australia) I.D. "A"
Beautiful heliotrope blooms with fluted petals. Blooms about 10 inches in diameter. Medium grower, very good. **Pot Root—\$1.50. Plant—\$1.00.**
- 81—Hillcrest Gratuity** S.C. "A"
Coral pink blending to yellow at base of petals. This is a very striking color. Plants about 3 1/2 feet tall. Good stems. **Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.**
- 82—Hurrah** (Holland) C. 1954 "B"
Canary-yellow; this is a most beautiful straight cactus dahlia. Excellent stems. **Root—\$1.50.**
- 83—Irene Marina** (Holland) S.C. "B"
Pure white, cut flower type. Petals deeply lacinated. Good stems and a fine keeper when cut. **Plant—\$1.50.**
- 84—Iva Jean** (Lundgren) I.C. 1958 "B"
Incurved bicolor mallow purple tipped white. Size of blooms 8 x 5 inches. This dahlia scored an average of 85.6 at four trial grounds. Winner of The American Home Achievement Medal and A.D.S. Seedling Sweepstake winner. Plants about four feet tall. **Pot Root—\$2.00. Plant—\$1.00.**
- 85—Jane Lausche** (Rocky River) S.C. "A"
Rosy mauve with the tips of petals white. An excellent bicolor that always gives a good account of itself in the shows. Good stems and thrifty grower. Blooms 10 x 6. **Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.**
- 86—Joan Carroll** (Australia) I.D. "A"
Large lavender pink blooms with base of petals shading to almost white. Fine stems. Medium height plant. **Root—\$2.00. Pot Root—\$1.50. Plant—\$1.00.**
- 87—Joe Tierney** (Australia) I.C. "A"
Autumn with red overcast. Narrow tightly twisted petals curving toward center of blooms. A most beautiful true type cactus. Blooms 10 x 5. **Root—\$1.50. Plant—\$1.00.**
- 88—John Butterworth** (Australia) I.D. "A"
Color of this one is Camellia rose shading buff toward base of petals, classed as a light blend. Plants about four feet, thrifty growing, blooms 10 x 5. **Plant—\$1.00.**
- 89—Juanita** (South Africa) C. "B"
Color of this fine exhibition dahlia is purple shaded ruby red. Medium growing plant. Prolific bloomer and a very good root producer. **Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.**
- 90—Kelvin** (Australia) I.D. "A"
Salmon rose. One of the large ones. Very consistently producing show caliber blooms. Fine growing plant. **Root—\$1.50. Plant—\$1.00.**
- 91—Kelvin Brown** (Australia) I.D. "A"
This variety comes as close to mahogany with a little more brown as anything we have seen. Blooms 11 x 6. Good stems and very dark green foliage. **Root—\$2.00. Pot Root—\$1.50. Plant—\$1.00.**

92—Kelvin Floodlight (Australia) F.D. "A"

A most beautiful large primrose yellow dahlia. Short growing plant, but very sturdy. Very large blooms. **Plant—\$1.50.**

93—Kenya (Veile) I.D. 1960 "A"

Nasturtium orange suffused rose. A real giant informal decorative one of the largest. Petals are broad and wavy. Vigorous plant growth and foliage. Good bloomer. **Plant—\$3.50.**

94—Kidd's Climax (New Zealand) F.D. "A"

Pink and cream overlaid helio. Very large blooms with good form.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

95—Kompliment (Germany) S.C. "B"

Lilac pink suffusing to white at center. Early and prolific bloomer. Petals are serrated. This variety should do well on the show table. **Plant—\$1.25.**

96—Lady Ismay S.C. "B"

Salmon shaded rose. Petals edged cerise. Fine stems for cutting.

Root—\$1.50. Plant—\$1.00.

97—Laura Rees (Rees) 1960 I.D. "A"

A large informal decorative purple dahlia. Good strong growth medium in height. Strong thick foliage. **Root—\$5.00. Pot Root—\$3.50. Plant—\$2.00.**

98—Lavender Beauty (Robens) C. 1957 "A"

Lavender with base of petals white. Very beautiful and artistic blooms. Blooms 9 to 11 inches in diameter. All blooms facing. Very good stems and foliage. This is a good dahlia, well grown blooms would have an excellent chance for best bloom in almost any show. **Plant—\$1.50.**

99—Lavender Perfection (New Zealand) F.D. "A"

Pure lavender giant blooms of perfect quality. Exhibition blooms of 13" are common. Plants have good habits and grow free. Award of Merit, Royal H.S. London cup winner 1954, as the best dahlia of foreign origin, after two years Holland-competition. **Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.**

100—Lavengro (England) I.D. "A"

A good lavender that will produce many exhibition blooms during the season. All habits of growth are good. One of the finest in its class.

Root—\$3.50. Pot Root—\$2.50. Plant—\$1.50.

101—Lemon Squash (Holland) S.C. "B"

Deep rich canary yellow. All good habits of growth, good keeper when cut.

Plant—\$1.00.

102—Lena Hall (Australia) I.D. "A"

Deep rose pink. Blooms 10 x 5. Short growing plant. Good strong stems. Thrifty grower.

Root—\$2.00. Pot Root—\$1.50. Plant—\$1.00.

103—Lula Pattie (Comstock) I.D. "A." 1960. See page 5

104—Maffie (Johnson) S.C. 1940 "A"

Intense bright red blooms about eleven or twelve inches across. Tall growing plant. Achievement Medal and Honor Roll dahlia. **Pot Root—\$2.00. Plant—\$1.00.**

105—Maitre Farqetton (Holland) S.C. "A"

Solid gold blooms throughout, are borne on very long strong stems. Very good keeper when cut. Rugged growing, plants rather tall. A very artistic dahlia. Prolific bloomer. **Plant—\$1.00.**

106—Majestat (Germany) I.D. "A"

This variety produces many large blooms, pink with yellow base. Petals are very large and broad. Tall plant. Blooms keep very well when cut.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

107—Margaret Durross (Fuchs) I.D. 1954. "A"

Large auroelian yellow, flushed scarlet. Almost orange. Blooms 11 x 7. Long strong stems hold flowers facing. Vigorous growing plants, about 5 feet.

Pot Root—\$1.50. Plant—\$1.00.

108—Marilyn Dale (Mollineaux) S.C. 1949 "A"

Fuchsia rose overcast lavender. Long stems. A winner in its class.

Plant—\$1.00.

109—Mars (Comstock) I.D. 1953. "A." See page 5

110—Mary Elizabeth (Robens) I.D. 1954 "A"

Cherry red. Very large blooms of better than twelve inches with very good depth. Husky grower. Winner of A.D.S. Seedling Sweepstakes and listed on all four Honor Rolls.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

111—Maureen Connoly (Comstock) F.D. 1954. "B." See page 6

112—Melisande (Comstock) I.D. 1957. "B." See page 6

113—Michael Corry (Australia) F.D. "A"

A new Australian variety of pure mauve. Excellent stems and wonderful ten to eleven inch blooms of strictly exhibition quality. Vigorous grower.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

114—Millgrove (Australia) I.D. "A"

Very large lavender blooms on medium growing plants. One of the best in lavender from Australia. Real exhibition type.

Plant—\$1.00.

115—Miss Liberty (Comstock) F.D. 1947. "A." See page 6

116—Miss Rose Bean I.D. "A"

Tomato red is perhaps the best color description of this variety. Blooms about 10 x 5. Medium grower, and very robust plant.

Root—\$2.00. Pot Root—\$1.50. Plant—\$1.00.

117—Miss San Diego (Comstock) I.C. 1946. "B." See page 6

118—Morocco (England) F.D. "A"

Bronze and orange. A very good type for exhibition in the autumn shades. Not much competition for this one.

Root—\$2.00. Plant—\$1.00.

119—Mouney C (Comstock) 1958. "BB." See page 7

120—Mr. President (Comstock) Inc. C. 1955. "A." See page 7

121—Mrs. De Ruyters Memory S.C. "A"

A pure pink dahlia that can be grown to perfection. Good growth and fine stems.

Plant—\$1.00.

122—Mrs. Hester Pape (Pape) I.D. 1946. "A"

A large reddish purple which has one of the most outstanding show records. Achievement Medals at Cleveland, East Liverpool, and Baltimore. Color is bordering between red and purple but classed purple according to color charts. Plants are quite tall with excellent foliage and habits of growth. Usual size of blooms is eleven to twelve inches, but blooms up to fourteen inches are not uncommon. Blooms are generally informal but very well finished blooms may be semi-cactus.

Root—\$2.00. Pot Root—\$1.50. Plant—\$1.00.

123—Myrtle Falvey (Lundgren) I.C. 1958 "B"

Deep red tipped white. This is a good cactus type bicolor. Blooms are uniform with fine stems and are very good keepers when cut.

Root—\$2.50. Pot Root—\$2.00. Plant—\$1.00.

124—Nagels Solidite (France) S.C. "B"

True intense candy pink. Blooms 7 x 5. This is a very prolific bloomer with excellent stems.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

125—Nanna K. (Rhodesia) I.C. "B"

Deep rich pink. Good exhibition variety. Long wiry stems. Four foot plant.

Root—\$2.50. Pot Root—\$1.50. Plant—\$1.00.

126—Nita (Hale) 1959 C. "B"

Cyclamen purple with small streaks of orchid purple. Winner of 22 American Home Achievement medals. This dahlia has all the fine growing qualities of its parent Juanita.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

127—Otto's Thrill I.D. "A"

Camellia rose blending to deep yellow shades at edges of petals. A very large dahlia.

Pot Root—\$2.50. Plant—\$1.50.

128—Our Friend (Robens) I.D. 1955 "A"

This outstanding dahlia is lavender. Very large. Blooms have been displayed up to 14 x 9 which would rate this variety among the very big ones that could compete for largest in show. This dahlia is on two Honor Rolls and is winner of A.D.S. Sweepstakes.

Plant—\$1.00.

129—Patricia Spollen (Johnson) I.C. 1952 "A"

Persimmon orange incurved cactus blooms about 10 x 6 that are produced on long strong stems on a leathery insect resistant plant. Petals are serrated. Winner of 9 American Home Achievement Medals, on all Honor Rolls and winner of many awards.

Plant—\$1.00.

130—Pat Schultz (Australia) I.D. "A"

Lavender pink. Very large blooms of excellent exhibition form. Very strong stems. Keeps well for such a large flower.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

131—Pink Goulburn (Australia) C. "A"

Rose pink with base of petals fading into cream. Blooms 10 x 5.

Root—\$1.50. Plant—\$1.00.

132—Pirate Treasure (Marsh) S.C. 1951 "A"

Color is rich autumn suffused red. Excellent stems and plant growth. Winner of ten achievement medals in its year of introduction.

Plant—\$1.00.

133—Pop Harris (Australia) F.D. "A"

Bright red with excellent form, large blooms and fine growth. Very good stems holding the flowers facing.

Pot Root—\$1.25. Plant—\$1.00.

134—Powder Puff (Barwal) I.D. "A"

Persian rose sport of Sherwoods Peach. Blooms are very large about 11 x 7. Short growing plant.

Plant—\$1.00.

135—Preas Pride (Preas) S.C. 1957 "A"

Orchid purple with white tips. Perfect formed blooms with this combination of colors are most attractive. Medium growing plant.

Plant—\$1.50.

136—Priscilla (Holland) I.C. "B"

Glistening orange. Clean growing plant and prolific bloomer.

Plant—\$1.00.

137—Pride of Holland (Holland) C. "B"

Seven inch pure pink straight cactus. Good growing plant. One of the best in its class.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

138—Pride of Parkersburg (Smith) S.C. 1949 "A"

Primrose yellow. Achievement Medal winner and Honor Roll dahlia. Excellent stems.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

139—Princess Dianne (Partain Comstock) I.D. 1951. "A"

This dahlia is without a doubt the best red that we've ever had the pleasure of growing. It holds its color during hot weather unusually well, and the deep rich blood red blooms are held high out of a very dark green plant. Flowers face outward and slightly up. Very prolific bloomer and good keeper when cut. Blooms average about nine by six inches. Petals are broad and slightly lacinated. Achievement Medal and A.D.S. Certificate of Merit winner and on the Flower Grower Honor Rolls for 1951.

Plant—\$1.00.

140—Queen Elizabeth (England) I.D. "A"

Very large lemon yellow. Very pleasing crinkled edge of petal formation. Short growing plant.

Plant—\$1.00.

141—Quinns Tidal Wave (Australia) F.D. 1953 "A"

Giant yellow that can be grown to immense proportions. Top winner in Australia scoring very high. Perfect long strong stems. **Pot Root—\$1.50. Plant—\$1.00.**

142—Regina F.D. "A"

Deep wine red overlaid purple. An exhibition variety of exceptional merit.

Root—\$2.00. Pot Root—\$1.50. Plant—\$1.00.

143—Roben's Showboat (Robens) I.D. 1957 "A"

Lavender. A seedling of Powder Puff. Has nice long stems and good foliage. Size of blooms up to 14½ inches by 10 inches deep, facing slightly up, very few on top. Won the American Home Achievement Medal, an A.D.S. Seedling Sweepstakes Award, and also the largest bloom in the show at East Liverpool, Ohio, on Eddy's Honor Roll and has other winnings.

Pot Root—\$2.00. Plant—\$1.00.

144—Ronlea Martin (Australia) F.D. "A"

Rhodamine purple, center of blooms a little darker. Excellent stems and plant growth. 10 x 5.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

145—Schubart F.D. "B"

This is a top quality bicolor. Brilliant red with clean white tips. Long strong stems. This is fit for most any show.

Root—\$1.50. Plant—\$1.00.

146—Silver Wedding (Hulin) C. "A"

The color is white with a faint mallow pink cast. Blooms about 10 x 5. Very long strong stems. Beautiful five foot plants, very free flowering.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

147—Skyrocket (Sarett) C. 1947 "A"

Vermillion red straight cactus blooms averaging 11 x 6 make this dahlia a standout in most any garden. The stems are long and straight. Very good exhibition variety.

Plant—\$1.00.

148—Squiggle (Holland) I.C. "A"

Bronze with a tint of purple on reverse of petals, which are long and narrow, petals curl and interlace. Four foot plants, good stems and very free bloomer.

Pot Root—\$1.25. Plant—\$1.00.

149—Stardust (Comstock) F.D. 1950. "A." See page 7

150—Starfire (Holland) C. "B"

This very fine petaled red cactus variety is very unusual in its type and brilliant in color. Base of petals are yellow. Good bloomer excellent stems.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

151—Stephen Foster (Salem) C. "A"

Very large blooms, generally about eleven inches in diameter. Tall sturdy plants. Orange buff suffused rose.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

152—Surprise (Baker) S.C. "A"

An outstanding semi cactus exhibition variety. Color is peach. Excellent stems. Blooms 10 x 6 inches. This is a good one for the show table.

Pot Root—\$1.50. Plant—\$1.00.

153—Terrific (Robens) I.D. 1958 "A"

Bicolor, purple with white tips. Won American Home Achievement Medal and A.D.S. Seedling Sweepstakes Award. Clean growing plant. Strictly exhibition.

Pot Root—\$2.00. Plant—\$1.00.

154—The Master (Australia) I.D. "A"

Sunset amber shaded bronze. Very large blooms 11 x 6. Tall growing plant. This variety made many wins in Eastern shows last year.

Plant—\$1.00.

155—The Real Glory (Stephenson) F.D. "A"

Ten-inch blooms of crispy white. Prolific bloomer with dark green foliage.

Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.

156—The Standard (Australia) I.D. "A"

Sulphur yellow blooms 12 x 6. Petals very broad. Thrifty grower, good long stems. A truly good dahlia.

Root—\$2.00. Plant—\$1.00.

157—Tina Marie (Warren) C. 1960 "A"

A straight cactus. Persian Rose and Cadmium Yellow. Blooms face on side. Vigorous grower with fine foliage. **Plant—\$3.50.**

158—Tony Hay (Australia) F.D. "A"

Very dark maroon red. Blooms have many petals which are broad and very formal. Very dark green plants about four feet tall. Husky grower. **Plant—\$1.00.**

159—Top Affair (Holland) C. 1960 "B"

This is a light yellow with perfect form. Petals come back all the way to the stem, forming a complete ball. Good growing habits, fine stems and a good keeper. **Plants—\$3.50.**

160—Troubador (S.C.) "A"

This is a large variegated dahlia of rose splashed with wine red. Fine growing plant. **Plant—\$1.00.**

161—Vera Seyfang (Australia) I.D. 1958 "A"

Light mallow rose. Blooms about 10 inches by 5. Formation different than the usual run of dahlias. Each petal has a definite petaloid within it, of the same color. Petals are cup shaped. Thrifty growing plant. Many exhibition blooms. Winner of the Derrill W. Hart Medal for 1957. **Plant—\$1.50.**

162—Verna Martin (Australia) F.D. "A"

Beautiful large lavender blooms of fine exhibition quality make this variety an immediate favorite. Medium growing plants. **Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.**

163—Val Deane (Australia) I.D. "A"

Burnt orange, petals slightly serrated. Medium height plant, thrifty grower and prolific bloomer. **Root—\$2.50. Plant—\$1.25.**

164—Virginia Rute (Chappaqua) S.C. "A"

Rich velvety maroon. Broad pointed petals. Good form and substance. Large type blooms on long straight stems. Tall grower. **Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.**

165—Virginia Taggart (Pape) F.D. "A"

Large pink formal decorative with good stems. Size of blooms about ten by five, held at a forty-five degree angle. Good substance. **Plant—\$1.00.**

166—Vivien Leigh (Australia) I.D. "A"

Rose pink overlaid lavender. Blooms 10 x 6. Strong growing plant.

Pot Root—\$1.50. Plant—\$1.00.

167—Windlassie (Wind) I.D. 1947 "B"

Pure white. Petals twist and curl and fold all the way back to stem. Blooms medium to large. Excellent stems. Honor Roll dahlia. **Plant—\$1.00.**

168—William Evans I.C. "A"

Orange, veined and flushed crimson. Good size in both diameter and depth. Petals twist and curl, and interlace within each other. Four foot plant. Good for exhibition. **Root—\$1.50. Pot Root—\$1.25. Plant—\$1.00.**

"Success is in the way you walk the paths of life each day;
It's in the little things you do and in the things you say.
Success is not in getting rich or rising high to fame;
It's not alone in winning goals which we all hope to claim.
Success is being big of heart and clean and broad of mind.
It's being faithful to your friends and, to the stranger, kind.
Success depends on character and how you think things through.
It's in the lives of those you love and all they learn from you."

NATIONAL BLUE RIBBON

DAHLIA SEED

PROVEN BY TEST

Growing dahlias from seed is a real adventure, as dahlia seed do not come true to the parent plant. Every seed will be different. It's fun to watch them come into bloom to see what you can get from a packet of seed. Seedling dahlias will have many of the characteristics of their parent, therefore when choosing seed, if you have a preference for cactus types choose a parent that is a cactus type, etc. If you prefer pastel shades in your seedlings be sure the parent is a pastel color, or if you prefer dark shades, choose a dark color parent. All the seed from a light color flower will not be light, many will be dark, but more of them will be of the light shades. The same holds true for type, if you choose a cactus type parent, all the seedlings will not be cactus type but the majority of them will. **If you are a real adventurer we would suggest that you try our mixed seed. This seed is made up of an equal quantity of every variety listed below mixed together.** Seed packets are made up in quantities of 25 seeds per packet, 50 seeds per packet, and 100 seeds per packet, so be sure to order in these quantities of each variety you choose. Read instructions for planting on opposite page.

MIXED SEED (as underlined in paragraph above) is priced as follows:

25 seed—\$1.25

50 seed—\$2.50

100 seed—\$5.00

Seedling Dahlia Plants

We have available to those who like to grow seedlings some very fine plants ready to set out in the open ground. These are from our mixed seed.

PER DOZEN — \$3.00

FLAT OF 35 — \$7.50

WE DO NOT SHIP PLANTS BY MAIL

INSECTICIDES

WE USE ORTHO-INSECTICIDES EXCLUSIVELY and find these products to be of immeasurable value in the control of the various pests that habituate the dahlia gardens in our vicinity including thrip, leaf hoppers, aphids of all kinds, worms, diabrotica, and many others.

We've found that alternated applications at ten day intervals of **ORTHO-KLOR-44** and **MALATHION-50** have kept our gardens insect free, thus promoting the luxurious bloom and plant growth necessary for exhibition quality stock.

ORTHOCIDE-FUNGICIDE has proven to be very useful in the control of fungus disease and **BUG-GETA** has enabled us to control the snail problem.

We gladly recommend the use of these products and have available stock for sale, thus enabling our customers to enjoy the same protection from plant pests as we.

QUALITY - PLUS DAHLIA SEED

CONTROLLED CROSSES OF 1960

For those who want something EXTRA SPECIAL in dahlia seed we offer our QUALITY PLUS SEED. This seed is grown in specially constructed enclosures where there is no possibility of any other variety becoming crossed with them, thus insuring their high quality. This seed is mixed and no one specific variety may be ordered from this Quality Plus Seed.

All Quality Plus Seed is priced as follows:

25 seed—\$2.50

50 seed—\$5.00

100 seed—\$10.00

Instructions for Planting SEEDLING DAHLIAS

Seed from dahlias do not come true to the parent plant, that's why it's so interesting to plant seed. Each seedling plant is a new variety. Seed taken from a given variety may reproduce all colors and types of dahlias, and will form a fine root system the first year, but roots from these seedlings will reproduce themselves.

All of our new varieties come from seedling dahlias. They are the select ones from thousands of seedlings grown each year.

Seed should be sown in seed flats in a fine mixture of soil and leaf mold, kept in a warm location and kept damp but not wet. Seedling plants normally begin appearing in about a week or ten days if sown in these flats covered with about one-half inch of finely screened soil. They make rapid growth and when about four inches high should be transplanted to the open ground. We like to plant our seedlings in rows about two or three feet apart and about a foot apart in the rows.

By planting close like this it gives us the opportunity to thin out the bed by removing the undesirable ones as soon as they bloom.

If further information is needed, please feel free to contact us. We will be glad to assist you with any added information desired to help you grow better dahlias.

DIRECTIONS TO COMSTOCK DAHLIA GARDENS

Dahlia Societies

Membership dues in the American Dahlia Society are \$4.00 per year which entitles you to their bulletin which is published quarterly. Much good information regarding growing of dahlias is available to you in it.

Send subscriptions to the **American Dahlia Society, Treasurer, Harry Dreyer, 431 Lincoln Avenue, Ridgewood, N. J.**

Fill in name and address and \$4.00 and mail to above.
